प्रेस विज्ञप्ति/PRESS NOTE

It is brought to the notice of electricity consumers and the general public that the power supply of the area feeding power supply through the five feeders, namely Radial-I, Radial-II, Dairy Farm, Nayagaon, Airport, and Lamba Line, will be kept off on 12.12.2024 between 10 AM and 02 PM as a precautionary measure during the fault detection of the faulty 11 KV underground cable of the Lamba Line feeder in front of BSNL and Bengali Club. Due to the proximity of the high-voltage underground cables of the aforementioned feeders, which share the same trench, this planned outage is necessary to minimize risks during maintenance work.
